Mr. Sandford Fleming of the Canadian Pacific arrives at Corn-

wall's in company with Mr. Marcus Smith and Mr. John Trutch.

[By MAILMAN TELEGRAPH LINE.]

CORNWALL, Sept. 30. — Mr. Sandford Fleming and Mr. Marcus Smith and Mr. John Trutch arrived at Cornwall on Saturday at 9 p.m. in company with Mr. John Trutch and Mr. Marcus Smith. They met about thirty miles above Clearwater, and they will be at Cornwall's this evening, to meet the Governor.

E. B. MARVIN.

A most astonishing case of cruelty to animals was lately investigated at Bellingham, England, by the Society for the Prevention of Cruelty to Animals.

Miss Mary Elizabeth O'Connell, a person of property, had a mania for collecting cats and dogs, so that she had under her roof no fewer than thirty of the former and forty three of the latter.

Last spring she left her home and quadrupeds in charge of a couple of servant girls; but she forgot to leave any money for victualing the man and the girls.

The latter, as the trustees refused credit, took their leave, and the unfortunate pets were shut up without food, in consequence of which some of them were forced to kill and eat their companions. The magistrate fined their neglect, and explained to her that those who keep cats and dogs must make suitable provision for their maintenance.

BELLINGHAM IN VICTORIA. — It may be interesting to the public to know the number of instruments which have taken place in this city in the last seven years, and the new Cemetery Board may use the information with advantage.

We have the authority of the Parish Magazine for the following: During the seven years ending December 31, 1872, there were 100 burials in Victoria Cemetery, being an average of 14 each year. Of these 40 annually were conducted according to the rites of the Church of England.

PROTESTANT BISHOPS AT THE COLOGNE CONVENTION. — A dispatch dated London, Sept. 30th, says: The Bishops of Lincoln, Ely and Westminster of the Church of England, and the Bishop of the See of York were present at the opening of the old Catholic Congress at Cologne to-day. Among the speakers was Dr. Robt. of New York.

FOR THE EAST COAST. — The Sir James Douglas left for Ochoa, Nacima, &c., at 7 o'clock yesterday morning with a few passengers and a moderate freight; among the passengers were Messrs. Woods, Richardson and Mr. Anderson of the Butte Inlet survey, who takes up supplies for the different parties.

BOARD OF EDUCATION. — The Board held a meeting yesterday afternoon. Members present, Messrs. Marvin, Langley, Munro, Drake and Williams. It was resolved that the Board appoint an additional teacher to the Girls' School, but be adverse to the idea of establishing a second school for girls.

A MASS for the use of the Minister of S. Andrew's Presbyterian Church in this city, has just been purchased. The property chosen is the house and grounds on Douglas street, belonging to Mr. Eckstein, and at present in the occupation of Mr. Strous; \$2,500 was given therefor.

TO THE CORPORATION. — Fort street, the leading thoroughfare of the city, is much in need of repair, — street, sidewalks and crossings. Our Corporation body, before its trial of office, should have considered, and well to have something done to this street, before the bad weather sets in.

H. M. SHIP SPANBROWNE. — After paying off this ship, which takes place on Saturday, the officers will take up their quarters on board H. M. ship Boylla, until the departure of the mail steamer. Lieutenant Moore will take charge of the ship and men until that time.

THE MAUDE ARRIVED FROM NANSIMO, COWICHAN, at 5 o'clock yesterday afternoon, with the following passengers: — Messrs. Archibald, Rees, Mr. Clark, and Mrs. Clark, Messrs. Howe, Lat, Franklin, Booth, Mr. Platt and son, Miss Pottinger, and Mr. Kennedy.

FOR THE MAILMAN. — The Enterprise left at ten yesterday morning for New Westminster, with the following passengers: Captain and Mrs. Parsons, Captain and Mrs. Hicks, Mrs. Van Volkenburg, G. Lee, E. Tait and G. Fletcher.

THE BARQUE EDWARD JAMES, from Portland for Burrard Inlet, arrived at Port Townsend on Friday last. After discharging a small amount of freight there, she proceeded to Seattle, whence she will be towed to the inlet.

FROM NANSIMO. — The Grappler, with the schooner Black Diamond in tow, arrived yesterday morning at Esquimalt from Nansimo, with a cargo of coal for the use of the navy. Mr. B. P. Bisset returned from Nansimo in the Grappler.

THE BARQUE. — An effort should be made to finish work on the Rock Bay bridge, in order to enable vehicles to cross. The route now is impassable, the recent rains having filled the pools below the tannery.

THE PARISH MAGAZINE made its appearance yesterday. An idea of its usefulness may be had by reading the extracts selected from it, and published elsewhere in to-day's Standard.

THE RIFLE MATCH for Lieutenant Scott's medal will be contested on Saturday next, by the volunteers of New Westminster and Victoria.

FOR THE SOUTH. — The Galah, Captain Libby, left at 10:30 p.m. yesterday for Olympia and way ports.

VERY GOOD PRICES were obtained at the sale yesterday of the stock of the late firm of Fell & Finlayson.

FOR NANSIMO. — The Grappler left last night for Nansimo, for a second cargo of coal for the navy.

THE ONLY COMPLETE BOOK-SHOP, NORTH OF SAN FRANCISCO. — The undersigned is prepared to turn out a superior class of work: Magazines, newspapers, etc., bound with dispatch. The most difficult forms of railing done. Cheques or receipt books numbered and perforated. Charts or maps mounted on glass for the pocket, and drawing the paper mounted by the yard or in sections.

ROBERT T. WILLIAMS, at T. H. Hibben & Co.

W. AMSTONG has removed his Office and Tobacco Stand from the corner of Broad and Johnson streets, to the store next to Shol-bolt's drug store, Johnson street. Don't forget to give him a call.
